RELEASE**

## **TRUMPF Names Ophir Optronics' Optics Group - CO2 Division a Premium Supplier**

Ophir officially recognized for its commitment to quality, delivery and innovation by a world leader in laser technology

**Jerusalem, Israel, 17 November 2010** – Ophir Optronics Ltd., a global leader in precision IR optics components and laser measurement equipment, announced today that its Optics Group - CO2 Division has been named a TRUMPF Premium Supplier. Germany-based TRUMPF is a world leader in industrial lasers and laser system technology.

"It is an honor to be named a TRUMPF Premium Supplier," said Yehiel Plaut, Sales and Marketing Director for Ophir Optronics' Optics Group - CO2 Division. "Such recognition from a world leader in laser technology validates our focus on high quality, on-time delivery and forward-thinking innovation."

### **About TRUMPF**

With sales totaling US \$ 1.86 billion (€ 1.34 billion) and 7,900 employees (preliminary figures for the 2009/10 fiscal year), the TRUMPF Group ranks among the leading manufacturing companies worldwide. The three following business divisions are combined under the umbrella of a holding company: Machine Tools/Power Tools, Laser Technology/Electronics and Medical Technology. Its core business is machine tools for flexible sheet metal processing for punching and forming, laser processing and bending. In the field of industrial lasers and laser systems, the company is the technological leader in the world market. With about 60 subsidiaries and branch offices, the Group is represented in almost every European country, in North and South America as well as in Asia. Production locations can be found in Germany, Austria, China, Czech Republic, France, Great Britain, Japan, Mexico, Poland, Switzerland and the USA.

## **About Ophir Optronics / Optics Group - CO2 Division**

Established in 1976, Ophir Optronics is a global leader in precision IR Optics, Laser Measurement Instrumentation and 3D Non-Contact Measurement equipment.

Our CO2 Optics Division produces a full range of OEM and replacement optics including beam-delivery and cavity optics as well as windows. Ophir provides the highest quality CO2 optics at the best price. The second largest OEM supplier in the world, all manufacturing is done in-house using automated CNC technology assuring complete uniformity. Driven by innovation, we've produced a longer lasting lens with a radioactive-free coating, called Black Magic™, and an ultra-low absorption lens with a transparent coating, called Clear Magic™. Our commitment to the customer is second to none, with a global distribution and support network. This unwavering commitment to forward thinking helps keep us "a cut above the rest".
